## XXL SHIPPER

SHIP EURO PALLETS QUICKLY  
AND EASILY

# THE XXL SHIPPER COMBINES RELIABLE PROTECTION WITH EASE OF USE.

When it comes to transporting temperature-sensitive medication and biotech products, shipping goods not only have to be well protected, but also kept at the right temperature. This is a major responsibility and a unique challenge. The Storopack XXL Shipper is the ideal solution – and not just in terms of optimum temperature and reliable protection. The pallet shipper can be assembled by just one person in a mere ten minutes. What’s more, this solution – which has been specially designed for shipping Euro pallets by air – is exceptionally secure. Thanks to its universal packout and the wide outside temperature range of  $-20^{\circ}\text{C}$  to  $60^{\circ}\text{C}$ , sensitive medication can be easily shipped at the right temperature.
